November 9, 2005

Assemblyman Mark Wyland  
City of Solana Beach and Community of Rancho Santa Fe  
1800 Thibodo Road, Suite 300  
Vista, CA 92081

Dear Assemblyman Wyland:

This letter is to inform you that the Santa Fe Irrigation District is updating its Urban Water Management Plan (UWMP). California State law requires urban water suppliers to update their UWMPs every five years and notify the cities and counties within their service area that the plan is being prepared. Santa Fe Irrigation District must submit an adopted 2005 UWMP to the California Department of Water Resources by December 2005.

The UWMPs are required to contain a detailed evaluation of the supplies necessary to meet demands over at least a 20-year period in both normal and dry years. In accordance with State law, the Santa Fe Irrigation District will distribute a draft copy of its 2005 UWMP to the cities and county for public review prior to holding a tentatively scheduled public hearing in December 2005.

Please feel free to contact me at 858-756-2424 ext. 18, or [djohnson@sfidreb.org](mailto:djohnson@sfidreb.org), if you have any questions or would like additional information.

Sincerely,

Dana Johnson  
Engineering Manager
